

Stewardship Commission

The Stewardship Commission provides a primary service to both the Parish Pastoral Council as well as to the Parish Commissions. It is responsible for the planning and implementation of actions that best utilize the parish's financial resources.

Its charter is made up of three main categories; utilization of human and material resources, stewardship through sacrificial giving and preparing and managing a fiscally sound budget.

Committee members have the additional responsibilities of presenting the Catholic Services Appeal program, counting the weekly collection, and overall monitoring of building/grounds and maintenance needs.
